Tips for teaching

- **Watch first.** Scan the QR code: the station clock shows every step.
- **Long hand first.** On 12 = o'clock, on 6 = half past. Then read the short hand.
- **Half past trap:** at 7:30 the short hand is between 7 and 8. It is half past **7** (the number it just passed).
- **Use a real clock.** Turn the long hand once round: the short hand moves to the next number.
- **Say the day:** "We eat lunch at 12 o'clock", "Bath time is half past 6".
- **Hands in B:** accept the short hand drawn a little off, if it is clearly between the right numbers.
